PuraCar-11

The PuraCar-11 is a unique air purifier designed to improve the air inside your vehicle. It combines a HEPA filter, a patented chemical gaseous filter, and a microorganism filter, all in one. It is the only car air purifier designed to eradicate smoke, dust, pollen, allergens, odors, and more than 230 irritant gases such as formaldehyde, ozone, and sulfur dioxide. Using the same proven technology as FDA approved surgical masks; the PuraCar also removes pathogenic bacteria and fungus from the air you breathe.

This exclusive, compact air purifier is ideal for cars, large SUVs, and minivans. The PuraCar-11 can be mounted on the car dashboard, on the center console, or behind the headrest.
