**Purafil Hires New Water-Wastewater Market Specialist for Asia, as Part of its
Five-Year Expansion Plan**

DORAVILLE, GA – Purafil recently added Ni Wei, also known as Wills Ni, as its Water-Wastewater Market Specialist for Asia. Initially, Ni will serve as a central communication point for customers and manufacturers’ representatives relating to wastewater sales in China; his responsibilities will progressively include Southeast Asia, mainly covering, Japan, and Korea. Ni brings over seven years of industry experience to Purafil.

Prior to joining Purafil, Ni served as Projects & DBI Sales Engineer at Veolia Water Solutions and Technologies. Ni’s diversified background includes experiences from the water-wastewater industry, the Environmental Protection industry, the Pharmaceuticals/Biotechnology industry, and the Oils/Chemicals/Mines/Geology industry. Ni holds a Bachelor degree in Bioengineering from China Pharmaceutical University. As a member of Purafil global sales and marketing team, Ni will report to Henry Yu of Purafil Asia.

For over 40 years, Purafil’s gas-phase media has protected environments from corrosive, toxic, irritant and odorous gases. Purafil, Inc. is a world leader in innovating, designing, engineering, and manufacturing gas-phase and biological air filtration systems, atmospheric and reactivity corrosion monitors, and UL classified granular media. Purafil maintains nearly 40,000 global installations in industrial, commercial, municipal, cleanroom, high purity, data centers and telecom, power generation, and preservation facilities.

Purafil’s ongoing commitment to quality, customer satisfaction and safety are exemplified by an obligation to the research and development of new clean air technologies, and by earning the latest ISO 9001:2008 certification, along with numerous industry awards.
